SUMMARY

I am a skilled and motivated professional with expertise in front-end web development. Proficient in HTML, Tailwind CSS, and JavaScript, I bring a strong foundation in building interactive and responsive user interfaces. Additionally, my proficiency extends to React.js, a powerful JavaScript library for building modern, dynamic web applications. With a keen eye for design and a commitment to staying updated with the latest industry trends, I am adept at translating creative concepts into functional and visually appealing web solutions. My dedication to producing high-quality code and my ability to work collaboratively make me an asset to any web development team.
